

TEST HOPPING

It's great sport to test out the speed capacity of that new car, yet that fun may easily turn to tragedy. Under present crowded highway conditions, motorists should at all times keep their speed at that point which gives the driver complete control over the automobile.

WATCH THAT WINDSHIELD

Motorists are reminded that it is time to check on the condition of windshield wipers. With California's rainy season about to begin, motorists cannot afford to be caught on the highways with a defective windshield wiper. A thorough check now will save hazardous driving later.

NOTICE TO HOUSEWIVES

BUTCHERS UNION LOCAL 551
Presents the Following
SO THE PUBLIC MAY KNOW

We ask your support and cooperation in the effort of the Meat Cutter to establish a five-day work week. A work week enjoyed by almost every craft at work today. Butchers Union Local No. 551 has chosen Monday as the day of rest. This is chosen as the logical day by reason that housewives stay home with the weekly routine work and follow it with left-over meal service. Productive Labor has enjoyed a five-day week for a number of years and surely the time must be here, in the fact of established approval, that the Meat Cutter, as part of the service craft, should be able to enjoy a five-day work week. This gives him Sunday as the day in which he is privileged to worship and Monday as the day of rest, and a day on which he may adjust his routine necessities, to which today he is devoting his daily effort.

The five-day work week is being implemented in the merchandising field in all lines, as well as our financial institutions. Local No. 551 is striving to aid in making the retail meat industry a better place to work and to render better service to the public, which all adds up to good business.

FRANK KRASNESKY, President
Butchers Union Local No. 551

STEAKS FOR ROUND-TRIP SWATTERS . . . Mel Serafini, third baseman for the Torrance Signal Oilers (left), and Joe Stephenson, catcher, are shown above with their wives collecting steaks from Charlie Gotts, proprietor of Daniels Cafe. Both players 'knocked round-trip bingles in Sunday's game against Burbank Merchants to win Charlie's offer of 'a steak to every man who knocks a homerun during the Triple A Winter League here.' (Torrance Herald photo.)

INFERIOR HEATERS

There are many inferior portable electric heaters on the market. Make sure the one you buy bears the name of a reliable brand. It is your guarantee of a safe appliance. If your electric heater is constantly causing fuses to blow out, do not overuse the circuit on which it is being used. Call in a competent electrician to remedy the condition.

CAR CONDITION

Motorists are reminded to be sure that their automobiles are always in safe operating condition. It may seem a bother to have thorough mechanical checkups at regular intervals, but that seemingly wasted time will be repaid a thousand-fold when an emergency occurs that requires split-second action on the part of both driver and automobile.

Three Events On Calendar For P.V. Golfers

Three major events are on the calendar for the Palos Verdes Golf Club starting this weekend and continued for the next three weeks, it was announced today by club officials.

Finals in the San Pedro city championship tournament, which drew 108 entries from the harbor community, will be played this week with Elmer Halverson and Mike Yelovich meeting in the 36-holes, final of the title fight on Armistice Day. Yelovich will tangle on Sunday with Dominic Lorenzi and Roy McCall, co-medalist in a playoff round for the prize for low score in the qualifying round of the tourney. All tied with 75s. Prizes for the tourney will be awarded Nov. 17 at a buffet dinner-dance.

Final half of the team match between Palos Verdes and Sunset Fields will be played on Nov. 17 with the hillside linksmen trailing by a 15 to 3 count as the result of the first half of the match played on the Sunset course. Palos Verdes must cop 16 of the 18 points to remain in the running for the team championship.

Third and climaxing event of the month will be the low net turkey shoot tournament to be held on Nov. 24, which will be open to both men and women. Birds will be awarded low net scores in three classes of men's play and in two divisions of the women's tourney. Wallace Fox, tournament chairman, announced today that approximately one dozen turkeys would be awarded.

Divisions in handicap class is being worked out and will be announced within a few days, according to Fox and N. Y. Jordahl, committee member.

Members of the women's club, now totaling 60, held their regular meeting today with the men's club session slated for Nov. 15 at which officers for 1947 will be elected.

Seahawks Blank Leuzinger 38-0 To Top Circuit

Some 5,500 shivering football fans in Santa Monica's Sentinel field Friday night saw enough warmth arise from Redondo Beach Union high school eleven to push aside a staggering Leuzinger squad by a 38-0 whitewash.

This victory tossed tomorrow night's Redondo-Ingewood match on the chopping block with the coveted tag "game of the year."

The Santa Monica Vikings paved the way for this Bay League tilt by splattering Long Beach Jordan schoolers 28-7 Friday afternoon. Jordan had been undefeated prior to the Viking setback and was figured to be the circuit threat.

Redondo's goal line trips came in twin formations in the first, second and fourth quarters. By the end of the first half Redondo was 26 counters in front. The Sea Hawks' Coach Striff used every man on the squad, including a couple of gym class youngsters who turned out for football only a few days previously.

Accredited with touchdowns were Skrifloff, Whitt, Norgren, Bugbee and Williams.

Contreras Tops Wilmington Bowl Boxing Bouts

Bobby Trujillo of San Pedro, a powerful and clever young lightweight who has shown worlds of promise in recent fights, will engage Tony Contreras of Wilmington in the four-round main event of the amateur boxing show at the Wilmington Bowl tomorrow night.

Trujillo has won four straight impressively and, like Contreras, put on colorful matches in the recent Diamond Belt event at Hollywood. The pair rate as two of the most promising lightweights in the Harbor area.

Sharing the spotlight in the strong semi-windup will be a pair of heavyweights who last week stole the show with a stirring draw, Manuel Cruz of San Pedro and John Sheardon of Long Beach.

Six additional matches, the first beginning at 8:30 p.m., will complete the show.

We Fix 'Em Right

WATCH REPAIRING BY Master CRAFTSMEN

★ Fast Service
★ All Types and Makes
★ All Work Guaranteed

We fix anything that ticks! Dependable, guaranteed watch repairing of all types of watches and clocks. As the official PE watch inspector of Torrance . . . you can be assured the finest workmanship.
